

**PIERRE MOSCOVICI**

**MEMBRE DE LA COMMISSION EUROPEENNE**

Brussels, 22.05.2017  
FD/yw A(17)1447052 – S(17)2813780

Dear Ms Battaglia

As you know, the European Commission has opened an infringement procedure against Italy for failing to ensure that ILVA Group operates in conformity with EU legislation on industrial emissions.

It urges the Italian authorities to take measures in order to bring the operation of the ILVA plant into compliance with the Industrial Emissions Directive (IED) and other applicable EU environmental law.

The infringement procedure is pending and is taking into account the ongoing privatisation process and the emerging environmental plan, which should lead to the issuing of a new IED permit.

Yours sincerely,

Pierre Moscovici
