Campagna
Pace in Uganda

*Your Excellency,
together with the organisations which support this "Peace in Uganda"
Campaign, I am writing to you to ask you to petition the Uganda government,
the UN, the European Community and the African Union so that they
implement effective and concrete measures to put an end to the bloody war,
that has been devastating Northern Uganda for the last 18 years and to
guarantee the respect of human rights.
I add my voice to the voices of the many kidnapped children who are forced to
be soldiers, of the people of Northern Uganda (Acholi, Lango, Teso) who are
victims of murder, destruction, terror and starvation, and of the religious
leaders of Northern Uganda, who have been pressing for peace for many years.*
